

# EARLY EDUCATION LEADERSHIP

...with a difference

## ENGAGEMENT IS KEY

**A transformational Team Workshop, which delivers practical tools and gives you the skills to build team engagement and inspire success.**

*"Coming together is a beginning. Keeping together is progress. Working together is success."* - Henry Ford

Your team's ability to gauge and regulate their own levels of engagement are critical factors in achieving sustained shared thinking and a positive culture.

**The Engagement Is Key Workshop is based on some of the latest neuroscience research into understanding how our brains function**

**This fun and highly interactive workshop provides you with confidence, tools and skills to inspire your team to:**

- **LEARN** the impact of engagement and disengagement on your team
- **UNDERSTAND** how behaviour impacts others
- **GAIN** stress management techniques and learn why self-regulation is important
- **ESTABLISH** and foster meaningful practices which improve staff wellbeing
- **DESIGN** strategies to build and maintain engagement

Sarah creates conversational spaces and helps teams to explore their world and talk through challenges and issues, whilst strengthening team dynamics.

Sarah helps teams to understand the root cause of disengagement and how to build team engagement.

In this transformational Team Workshop Sarah draws on some of the latest neuroscience research to help you reflect on your practice and experiment with new and innovative ways to build and maintain engagement within your team. You will walk away with the tools to create a 4-Step - Team Plan which will support you and your team to build and maintain team engagement!

**"Sarah's insight, delivery, engagement, dedication, vision and practical relatable research based content has a multitude of applications for both personal and professional application. All levels of our team are able to utilise aspect of this content. This learning has had an ongoing impact on our growth and service culture."**

**- Lindy Farrant, Director.**

The tools and strategies learnt can be used to address some of the requirements of the National Quality Standards Areas 4,5,6 and 7.
