

EARLY EDUCATION LEADERSHIP

...with a difference

LEADING FROM BEHIND

A transformational interactive online leadership program, that creates the space and time for you to critically reflect on your leadership, whilst exploring how you can shift your perspective and learn new ways to lead.

"Leadership and learning are indispensable to each other" - John F Kennedy

You work in early education because you are passionate about the contribution you can make to the lives of young children and their families. But as an early education leader it's easy to get weighed down in the business and lose sight of what brought you to the industry in the first place.

This dynamic, fun and highly interactive online leadership program, will inspire, motivate and engage you to:

- **IDENTIFY** your purpose and how it aligns with your career, re-fuel and ignite your passion
- **RESHAPE** the beliefs that have been holding you back, to create success
- **LEARN** how to harness your emotions and energy into powerful tools, practise how to tap into the emotions that empower you
- **UNDERSTAND** the neuroscience behind effective communication
- **MASTER** some of the most powerful communication frameworks used by some Fortune 500 companies
- **BUILD** your own tool kit of exercises and activities to use in your work with people

This online leadership program provides a safe and highly interactive conversational space to critically reflect on your leadership, as well as provide opportunities to learn and gain new insights.

Sarah Moore, your online facilitator is Certified in Conversational Intelligence® and is a qualified Coach draws on some of the latest neuroscience research, to help you elevate your leadership skills, strengthen your communication skills and engage your team in new and inspiring ways!

**"Exceptional, In a nutshell!
Best I have come across in 36
years. Sarah has influenced my
practices and I have changed
the way I lead my team. I am
very grateful for Sarah's skills and
knowledge."**

- Eve Hawkes, Director.

The tools and strategies learnt can be used to address some of the requirements of the National Quality Standards Areas 4,5,6 and 7.
